PRODUCT OVERVIEW

The Pro 4PM is a Din rail mountable four channel smart switch with power measurement capabilities. Enhanced with all the latest firmware flexibility, LAN connectivity and color graphic display. It can work standalone in a local Wi-Fi network, or it can also be operated through cloud home automation services.

The Pro 4PM can be accessed, controlled and monitored remotely from any place where the user has internet connectivity, as long as the device is connected to a Wi-Fi router and the internet
